his is the story of two best friends and Joe, the names of the two best friends are William and Rad. Every time me and Rad walked past Joe he would trip us! William and Rad went outside, Joe was standing right behind the door, he stuck his foot out and we dodged it. So we got on with our day, William went down the slide, Joe was standing right there he pushed me onto the slide so I said "That's not nice!" He didn't care, Rad saw me he asked if I was okay William said "yeah I'm okay". Then Joe came over and said "sorry" for all the things he did, then William and Rad both said "we forgive you" Joe said "now are we settled" "yes" he also said "can I sit with you guys at lunch" "yeah sure" and that's how they became friends
