How The Fairys Got There Magic

Have you ever been like "hey I whant to learn about the indighais Pelple" Well your in luck I am going to teach you exeltly that.

Once upon a time there was a girl the girl lived with her ant and uncle and they did not love her one day she met some fairys they said come with us so she did she flew up and landed at the fairys tribe then they said let us help you she of course did they went to her house and gave her family pure hearts and the went home and her family loved her.

what I learned in this story is that if you be nice to others it will make them feel loved. The fairys showed kindness to the little girl and she loved them. She did not love her relatives because they did not love her. it showed me to love others. the indighais peple lived hard lives with no medicine to help the litt girls parents.
